

## E. CONDUCTIVITY PROBES WITH MICRO TRANSMITTER

**ST 315**

### **ST 35**

Electrodeless Conductivity probe with micro transmitter 080310. For in-line and immersion applications.

This probe is an assembling of SI-315 + 080310 micro transmitter, suitable for our C3000 controllers.

Connection by cables + connector type SZ9481 (10mt) or SZ9483 (30mt).

**SZ 724**

**Measuring range:** 0/20 Siemens

**Operating Temperature:** 80 °C max. (body)

40 °C max. (microtransmitter)

**Length:** 210mm. (other as requested)
